

Amendments to the specification:

Please substitute the replacement pages as represented by the Annexes to the International Preliminary Examination Report attached hereto as follows:

Substitute the attached "Amended Pages" 1-8 for pages 1-8 of the application as filed.

Please note that Amended Pages 1-8 constitute a substitute specification for the enclosed application.

This substitute specification includes no new matter.

Amendments were made to the original specification to replace the term ""Brattice Belt" with "Spiked Conveyor Belt", as the latter term is more universally understood.
